## INTERNSHIPS

**Social Media Marketing**

Twelfth Man Times (Virtual)

Aug 2018 - Oct 2018

I've worked here as a Social Media Marketing Intern, where my job included posting informative and engaging posts - facts & stats related to sports, and sharing them on Facebook to target audience, reaching thousands of people in the process.

**Content Writing**

Sportsanalyst (Virtual)

Jun 2018 - Jul 2018

I interned at the above mentioned organisation as a content writer. I posted articles that consisted of match analysis of the FIFA World Cup, and on other informative subjects.

---

## POSITIONS OF RESPONSIBILITY

---

- Volunteer at Google Developers Group DevFest Bhubaneswar 2018

---

## TRAININGS

### Machine Learning

Udacity (Online)

Feb 2019 - Present

Currently enrolled in the Machine Learning Nanodegree programme offered by Udacity, to get hands-on knowledge on this field.

### Web Development Bootcamp

udemy (Online)

Dec 2018 - Present

In this online bootcamp, I learned the fundamentals of developing web applications.

---

## PROJECTS

### Image Enhancement

Feb 2019 - Apr 2019

Extracting the pixel data of an image and improving features like saturation, sharpness and contrast using simple math and Python code. This project was part of the Skill Lab course in university where we were exempted from using any libraries.

### AceBook

Mar 2019 - Mar 2019

This web application aimed at grouping like-minded students of similar fields with similar students, where the members can organize study sessions, quiz sessions where they help each other clear doubts, share skills and make progressive use of time.
